Blur Radish Gift Card

Mission Statement Head

Blue Radish Group opened its first shop on New York's famed 5th Avenue in 1994 and named it Bread Market Cafe. Building on its instant success, founder Todd Millman continued the concept of delicious food with excellent swift service and has opened several more cafes throughout Manhattan over the last few years.

In addition to stand-alone stores, Blue Radish Group formed partnerships with the well known chains, Bed Bath & Beyond and Equinox Fitness Clubs; Cafe Beyond opened in Bed Bath & Beyond's flagship store and several City Chow Cafes opened in Equinox Fitness Clubs throughout Manhattan. Blue Radish Group had shown that having in-house cafes, whether in retail stores or in health clubs, keep customers happier and on site longer by providing a much needed and convenient refueling station.

The Difference

The success of Blue Radish Group can be explained by its simple commitment to delicious food, superior customer service, excellent value for money, and great store design and layout.

Blue Radish Group continually strives to meet and beat customer expectations on a regular basis. Our great success is evident in our strong customer base: customer loyalty means that 90% of all our customers are repeat customers. Why? Because they know that they're not only going to get delicious food and great service, but all at a great price too! Blue Radish Group provides the best value in the marketplace.

The Food

All Blue Radish Group stores serve delicious food, all made fresh at the beginning of each day. Our menus consist of only the freshest and highest quality ingredients, no preservatives or added chemicals. We offer a wide selection of sweets and pastries baked daily, 'Toss Salad Bar,' delectable sandwiches, soups, and 100% Arabica coffee and a full line of espresso drinks. The menu selections are inexpensively priced, ranging from \$1 to \$7! And at the close of each day, all uneaten food is given to charity. We may serve you quickly, but we take our time when it comes to making the food.

The Speed Thing

Time is precious - no one ever seems to have enough of it! That's why in all our stores the customer is typically served within 120 seconds - from ordering, receiving the food and paying!

Each store manager carefully monitors and supervises the flow of customers to always ensure that there are never long lines. Our staff is constantly shifted to all areas of the store to meet the specific demands throughout the day. Whether it is the coffee counter in the a.m. or the salad counter at lunchtime - we always have the right amount of staff in all the right places to keep everything moving smoothly and our customers happy!

Our great employee training helps us to get to know our customers and what they like! Many times when we see a repeat customer walk in, we will have their coffee poured and muffin ready to go by the time they reach the counter! That speed thing - we get it!

Customer Service

It's not only the great food that keeps bringing our customers back! Our staff play a major role in our success - from the counter servers, to the salad tossers, to the delivery people, all employees are trained to the highest standards of food preparation in the food industry and in customer service.

We understand the importance of developing, encouraging and allowing people to become successful within the company. Reward programs, excellent benefit packages, bonus schemes, 401k plans are offered to all our staff. Many of our employees have been with the company since its inception in 1994.

Blue Radish Group organizes various training classes as well as compiling training manuals that
